Graduation from Bible College

The 6th annual graduation of Xai Xai Emmanuel Wesleyan Bible College was celebrated on Sunday October the 4th.

Many churches were represented and gathered with family and friends in support of the 16 graduates. Local government leaders, a visiting team from the States, senior Pastors for Xai Xai district, District Superintendents from Beira, Nampula, Maputo and Xai Xai, current students and staff squeezed into the beautifully decorated chapel.

Some of the 2nd year students awoke early on the morning to hang bunches of flowers and balloons. It was very colorful and welcoming. Several students and teachers wives were busy in the kitchen. The annually donated bullock had been captured, delivered and prepared for the

feast to follow. It was a joyous time.

Someone commented that they remembered the struggle to find a camera for the first graduation, today there were many cameras clicking away and at least 4 video cameras, all capturing many wonderful memories.

By 8am the following morning, there had been a mass exit from the college. All the students and their families had packed and boarded buses on their way home, some would take several days to reach their destination.

Please continue to pray for them. Some will be planting churches, others returning to the church they planted last year. They will all need to find food, some will have to rebuild their homes, but they will all be reunited with family and friends—some new babies even meeting other family members for the first time!

The college campus is very quiet. Staff have begun planning and preparing for 2010 and all God has in His plan for each of us.

To God be the Glory for great things He has done!

Pastor Amos

Pastor Amos has recently been very ill and had difficulty breathing. He was taken to hospital for treatment. The nurse informed us that he has a heart problem which needs investigating when he feels stronger. The district church board will meet this Saturday and support for Amos and his family are first on the agenda. They urgently need repairs to their home; the rainy season will soon start. Please be praying for Pastor Amos, his wife Gilda and daughter Susan.
